SUMMARY OF ST. LOUIS MARKETS.

All efforts of the bull side to bolster the prices of grain proved unavailing yesterday. The openings on wheat, corn and oats were lower for all options, and though there was an early rally on the strength of bullish news, a decline followed, and all markets were lower when the session ended. Foreigners were not failing over each other to purchase American grain. They were rather holding aloof in anticipation of

Wheat and outs were led by corn on the downward path. Most of the news would have been construed as bullish under ordinary conditions, but there were many holders who could not resist the temptation to sell in imitation of speculators in Chicago and other domestic centers.

Dec. wheat opened unchanged to 4c lower. Trading was light, with little interest on either side. The close was 1663c below Tuesday's close.

Dec. corn opened %c off, advanced on bullish news, but later declined and closed

Se off. May opened be up and closed "struc off. Dec. outs opened %c off and closed at the same figure. Sept, closed %c higher, and

Produce was in better supply all around and prices were easy. Peaches were more plentiful and of better quality. Apples were practically unchanged, and other fruits slightly lower. Potatoes were firm at Tuesday's prices, and cabbage receipts were

Trading on the local Stock Exchange was light, but there was a good demand for bank and trust company stocks, and values were higher. Discount rates for time and call loans were firm, between 5 and 6 per cent.

BEARS WERE IN CONTROL OF ALL GRAIN MARKETS.

RALLY FOLLOWED OPENING. SUCCEEDED BY DECLINE.

Trading Was Light and Bullish

ern markets. There was little speculation. A few of the more timid longs hastened to realise in anticipation of a further decline

Dec. wheat sold to-day at 71%c, 71%g71%c, 71%c, 71%c,

There was little to encourage the corn bears, but the market eased off despite prevailing conditions. It was understood that a clique of local longs were following the lead of certain Chicago traders and hammering the market in the hope of recovering their heldings at a lower figure.

Trading in oats was extremely light. Dec. sold at 37%c, %c off. Sept. closed at 37%c bid. %c higher. This appreciation was due to the efforts of a local short to cover. May closed unchanged at 40c.

Dec. corn sold to-day at 59%c, 59%c,

st cars local and 1 car through. Vesterday's grain markets were dull and well nigh featureless. Bearish news in the shape of lower cables and heavier receipts at domestic points were proof against reports of heavy rains in the Northwest, calculated to interfere with the movement of crops to the markets. There was a falling off in the export demand and private wire advices confirmed the statements that Russian shipments of grain were heavy. Wheat was governed by corn and the downward tendency was alded by reports of heavy receipts both locally and in the Northwest-ern markets. There was little speculation. A few of the more timid longs hastened to realise in anticipation of a further decline.

Dirp fint—Choice Texas, heavy litic: average leave the states and leave a falling in anticipation of a further decline.

New York, Sept. 25.—The directors of the Anaconda Mining Company have declared a dividend of \$1.25 a share. For some above past the company has been declaring a dividend of \$1.25 per tervals of six months.

ON DULL TRADING.

FROST REPORTS HAVE LOST ALL THEIR TERRORS.

Northwest News Indicates That Corn Has Not Been Seriously Hurt-Wheat Lower.

Chicago, Sept. 25.-Duliness prevailed sgain on the Board of Trade to-day, and Dec. corn closed %c lower, Dec. wheat % That's lower and Dec. 'se down. Provisions closed 1715c to 25c lower.

Corn.
Corn had slightly the lead in a generally dull market. Dec. opened a shade to 14374c lower at 53c to 585c on indifferent cables general damage. On early local selling the price went to 55955 c, but later the cash demand for both the domestic and foreign account brought a reaction to 50c. Absence of further support had a depressing effect, however, and, though there was no heavy selling. Dec. declined and closed weak, %c lower, at 584-958%c. Local receipts were 130

Wheat.

Wheat was dull, Dec. opening a shade lower at 70½0 70c on cables and large receipts. With a very light trade, these conditions depressed Dec. early to 70½c, but later, on report that the French crop was but 33,000 00 bu, and that there would be a demand for American wheat from 30,500,000 bu, the price went to 70½c. New York reported only fourteen loads taken for expert, and the general sluggishness of the market prevailed against the bulls, and Dec. closed weak, 40 %c lower, at 70½0 70%c. Local receipts were 83 cars.

Minneapolis and Duluth reported 631 cars, making a total for the three points of 769 cars, against 643 last week and 559 a year ago. Frinanty receipts were 1,312,000 bu, compared with 1,122,000 bu, a year ago. Seaboard clearances in wheat and flour equaled 830,000 bu. Wheat.

Onts.

Onts followed cern, and Dec, ruled dull, a shade lower, at 36% 35% C. With the early dlp in corn, Dec, sold to 36%. Some scalping business brought it back to 38%, but it closed weak, %c lower, at the bottom figure, 36%. Receipts were 20 cars.

LIVE STOCK MARKET.

High-Grade Steers Steady - Butcher Cattle Plentiful-Hogs Lower. Cattle Pichtiful—Hogs Lower.

NATIVE CATTLE—Beef Steers—Receipts of native cattle of all kinds were around 2,800. There was a molerate proportion of beef cattle running from plain unfinished butcher steers to shipping steers, good enough to bring \$5.90. There was also a monerate supply of fair to decent Westerns. No toppy grades, such as sold yesterday at \$6.35, were available. The trade was mainly stendy on the best kinds, of both well-finished handy fed steers and the \$5.556.90 class, but the greenish \$4.005 grades were in less demand and suffered a decline of \$610c, but considered by some as not much different from the worst experiences Tuesday.

Butcher Cattle—A moderate supply of butcher sunf was effered. The quality was about like the plain to medium kinds that have arrived for the past week with but few toppy grades. The demand was good and trade generally strong, with the movement pretty iree. Canners and good killing butcher cows and helfers sold fully steady to strong, the former showing an advance for the week of 10520c over the close of last week. Fat buils and veal calves are firm.

Wall Street Gossip.
Reported by Francis, Bro. & Co., No. 214 North Reported by reserved to the decliner turned buyers, taking about 15,000 shares and fairly large amounts of U. P., S. P., Etles and Southern Railways. Purchases exceeded sales by 30,000

of it on shares of Missouri Pacific through the specialist in that stock in one order. It was generally assumed this selling was of long stock forcest that has been reported for several days as opposed to the other of the leaders against any attempt to sdvance prices. General selling followed the decline in Missouri Pacific, about half the sales being for short account.

After the announcement that directors of Anaconda had declared only the regular semi-annual dividend of 1½ per cent and dropped the extra dividend, buying orders came into the market and in several stocks there was a moderate reaction. Anaconda was sold by room traders. Selling was surprisingly large in view of the fact that most of the stock is held outside.

Nickel Plate stocks were the exception to the movement in general and advanced sharply on renewed buying by the house which has been a persistent buyer of the stocks for many months. This buying as well as that of other of the junior Vanderblits was again accompanied by reports that these stocks are to be taken up by a New Nork Central 4 per cent bond, but reports could not be traced to any source.

RECRUITS FOR COAST SERVICE-Fifty-seven recruits will leave Jefferson Barracks Friday for Fort Dade, Fla., where they will serve in the Coast Artillery. This is the third shipment of recruits enlisted in St. Louis for coast service in the South-

ON GOOD BUYING DEMAND.

BANK AND TRUST COMPANY STOCKS HELD THEIR LEAD.

Volume of Trading Was Not Large, but Values Ranged Higher Throughout List.

There was no diminution of the bullish ertiment in local stocks and bonds yester day. Prices advanced consistently, though not so rapidly as on Tuesday, and all indications were that the crest of the upward movement was still afar off.

easily led the list. The strong spot in tractions was United Rallways is. These bonds have come to be considered a good investment by those who prefer to take small and sure profits rather than large but uncertain ones. The appreciation of bank and trust company securities has been so remarkable during the current year that so remarkable during the current year that the moneyed interests take to them naturally. Mercantile Trust, Lincoln Trust, Commonwealth Trust, Mississippi Valley Trust, Boatmen's Bank, Continental National, Third National, Mechanics National, Fourth National and Bank of Commerce were the built cards yesterday.

At the morning session 763 shares of stock and 11,000 bonds were sold on a steadily rising market.

Trading was lighter at the afternoon session, but there was still a good demand for local securities at prices which in many instances were higher than those recorded in the morning. The total sales were 26 shares and 2,000 bonds.

TO WAGE WAR ON ANARCHISTS. New Jersey Politician Talks of the Plans of Governor Voorhees.

Welling G. Sickel, former Mayor of Trenton, N. J., and a prominent manufacturer and Republican politican of that city, is at the Southern Hotel. Mr. Sickel is aggressive both in business and politics and his friends say that he will be the next Republican nominee for the governorship of New Jersey. Speaking of anarchy in New Jersey. Mr. Sickel said:

"The reason amarchy gained such a hold at Paterson is found in the fact that Paterson is found in the fact that Paterson is near New York, yet in another State and beyond the police control of the metropolis. Moreover, there are in the environs of Paterson numerous manufacturing villages net policed by the City of Paterson. It thus happens that they have had ideal meeting places almost within shadow of the chief city of the country and without the risk of police interference. Governor Voorhees of New Jersoy, is an excellent lawyer and he is now at work on a bill, to go beore the pext Legislature, calculated to rid the State of all anarchists. "If that cannot be done it will be made unlawful for them, as enemies of the Government, to hold meetings. Governor Voorhees is an able and resolute man, and, despite the fact that he is annonymously threatened almost daily, he is driving ahead toward the banishment of the red fing enemy of the State and of society. and Republican politican of that city, is at

PEACEMAKER WAS INJURED.

Attempted to Protect Another's Wife and Was Stabbed.

While assuming the role of protector of Mrs. Peter Seifert of No. 3131 Morgan street Tuesday night Edward S. Brown, a boarder, was seriously stabbed by her husband. Seifert was arrested in his room at Broadway and Cass avenue by the police yesterday

and Cass avenue by the police yesteruay morning.

Selfert is a well-known horseman. He and his wife have been separated for some time, and she is suing for a divorce. He went out to the house Tuesday night, he says, to see his 7-year-old daughter, Gladys, When he reached the house, he found his wife on the front steps. She claims that he assaulted her. Brown, who came out at that time, stepped between them. Beffert drew a knife and cut Brown on the face, neck and left leg. The wounds are considered serious,
